ROMANTIC WORKSHOP #22

PAMPERING IDEAS FOR HER

Many of our readers have asked for more help with their pampering ideas. It seems many romantics are willing to pamper their partner but are at a loss for good pampering ideas. As a result, we decided to conduct an informal survey, asking women what they would like if their partner were inclined to give them a special treatment for the sake of love. To make the list complete, we added a few of our own ideas. Our workshop #12 covered reasons why you should pamper your partner; methods and attitudes as well. So here it is: a random list of the things women would love as a pampering activity.
